

# Mother Angel

## Gamma Ray

From the book of life  
Comes a rider for the damned  
And he wields the scythe  
As he rides across the land But when he comes you'll never know  
That it's time for you to leave the world Mother Angel, tell me why  
Is it cool up in the sky?  
Was it time for you to disappear and go?  
Is there something I should know? Was it time for you to go?  
Waiting for a sign  
From you to let me know  
Here on my own  
From the ashes we do come  
To the ashes we shall go  
And the dust that we were made of  
Shall embrace our very soul All the times that we don't know  
Make it harder to believe in God and heaven above So Mother Angel, tell me why  
Is it cool up in the sky?  
Was it time for you to leave and let it go?  
Is there something I should know? Was it time for you to go?  
Waiting for a sign  
From you to let me know  
Here on my own My hands reach out into thin air  
And the truth is hard to bear  
No one comes to bring you back again  
Mother Ange, tell me why  
Is it cool up in the sky?  
Was it time for you to disappear and go?  
Is there something I should know? Is it time to let you?  
Waiting for a sign  
From you to let me know  
I'm here on my own Here on my own  
Here on my own
