## **Special Pets**

## <u>Otep</u>

When you scream, it sounds like a lullaby When you beg, I get all gooey inside Tonight I take your eyes, mind and tongue To spread the word and watch your kingdom comeAnother night with you, another wound You keep me in stitches, you tear me to piecesI need new voices in my head to speak my secret evils with I need new lovers in my bed to be my friends and special pets I need your scent all over me I need to taste your blasphemy I need to know with certainty that the nectar was worth the squeezeIt's just the way that we are diseased It's the blade that stains us It's the sweetest disease It's so contagious It's just the way that we are diseased I's the blade that stains us It's the sweetest disease It's so contagiousOnce upon a time I ripped the wings from my spine But when I hide inside your eyes I still pretend that I can flyTell me every secret So you can fall in love Then to fall to piecesI need new voices in my head, a new disguse for me to hide I need new lovers in my bed to feed my secret appetites I need your sins all over me I need to taste this tragedy I need to know with ceritainty the nectar was worth the squeeze It's just the way that we are diseased It's the blade that stains us It's the sweetest disease It's so contagious It's just the way that we are diseased It's the blade that stains us It's the sweetest disease It's so contagiousI'm looking for a friend in my head (It's just a game we play in the dark)When you scream, it sounds like a lullaby When you beg, I get all gooey inside Tonight I take your eyes and tongue To spread the word and watch you cum You keep me in stitches, you tear me to piecesIt's just the way we are diseased It's the blade that stains us It's the sweetest disease

It's so contagious
