

# Average Girl

## BarlowGirl

So what I'm not your average girl  
I don't meet the standards of this world  
Chasing after boys is not my thing  
See I'm waiting for a wedding ring No more dating  
I'm just waiting  
Like sleeping beauty  
My prince will come for me  
No more dating I'm just waiting  
'Cause God is writing my love story Boys are bad that's certainly not true  
'Cause God's preparing one for you  
If you get tired waiting till he comes  
Gods arms are the perfect place to run  
No more dating  
I'm just waiting  
Like sleeping beauty  
My prince will come for me  
No more dating I'm just waiting  
'Cause God is writing my love story  
my love story Sleep that's the only thing  
For me 'cause when I sleep Gods  
Preparing one for me  
world  
Chasing after boys is not my thing  
See I'm waiting for a wedding ring No more dating  
I'm just waiting  
Like sleeping beauty  
My prince will come for me  
No more dating I'm just waiting  
'Cause God is writing my love story  
Boys are bad that's certainly not true  
'Cause God's preparing one for you  
If you get tired waiting till he comes  
Gods arms are the perfect place to run No more dating  
I'm just waiting  
Like sleeping beauty  
No more dating  
I'm just waiting  
Like sleeping beauty  
No more dating I'm just waiting  
'Cause God is writing my love story  
No more dating I'm just waiting  
'Cause God is writing my love story

No more dating I'm just waiting
