

# Baby (feat. MNEK & Sinead Harnett)

## Rudimental

Baby  
Baby I've been staring down your way  
Don't know exactly what to say  
I'm wondering if you feel the same Because every time I'm looking down  
The questions what you're dancing around  
I'm sick of playing silly games Tell me, am I the type you go for?  
Am I just wasting my time?  
Should I carry on? Or should I say no more?  
All of the things running through my mind  
Oh tell me, tell me baby Baby  
Baby Every single night and day  
I wonder if it's just a phase  
Or is it really something here? (Something here)  
'Cause whenever that you're near to me  
I feel it in my energy  
Just put me out my misery Tell me, am I the type you go for?  
Am I just wasting my time?  
Should I carry on? Or should I say no more?  
All of the things running through my mind()  
Oh tell me, tell me baby Baby  
Baby Tell me, tell me, tell me  
Baby  
Baby  
Baby  
Baby  
Baby  
Baby
