On joyless lanes we walk in lines

a calm but steady flow

Accompanied by loud commands

our strength is running low

Another hope feeds another dream

another truth installed by the machine.

A secret wish the marrying of lies

today comes true what common sense denies

Rotating wheels of destiny inflame the city lights

Machines call out for followers far out into the night

The calls of the machines drowning in the steam

Another hope feeds another dream

another truth installed by the machine.

A secret wish the marrying of lies

today you find is true what common sense denies

The calls of the machines drowning in the steam

On joyless lanes we walk in lines

a calm but steady flow

Our strength is running low

Another hope

another dream

another truth

installed by the machine
