

We Are More

Ziggy Marley

we are more we are more we are more
We are more we are more we are more
So much more we are more Me a more
we are more we are more we are more we are more.
the truth form the heart can't be sold or bought .
I wake up and see the sun shining on.
know what's at stake its more then faith
it take more then faith to see your white pearly gates.
we are more we are more we are more
We are more we are more we are more
So much more we are more me a more
We are more we are more we are more
we are more
the shadow on the wall reflects the sun as it falls.
Our today will be your tomorrow.
here are these tears that cry out so true.
Our sorrow will be your sorrow too.
People for peace more then people for war.
and people for justice it's never to far.
There's no debate that money can't make.
but money don't make the world a better place.
we are more we are more we are more
we are more we are more we are more
So much more we are more we me a more
we are more we are more we are more we are more.
People who care more then people who don't.
and people for love more then people who won't.
stand up and put this world to shame.
open your heart's let them know we not playing.
like the waves hit the shore.
the sun will run stones .
mountains were wondering the see.
relentlessly our voices is heard.
Our actions begin free.
form under the full moon the wise I see.
we are more we are more we are more
we are more we are more we are more
So much more we are more me a more
we are more we are more we are more we are more.
People for peace more then people for war.
and people for justice it's never to far.
People who care more then people who don't.

and people for love more than people who won't.
we are more we are more we are more
we are more we are more we are more
So much more we are more me a more
we are more we are more we are more we are more.
