

Friends (feat. Bon Iver)

Francis and the Lights

Could be lookin' at you
From a freeway trailer
If you'd handled what I'd taken
Separate loans, separate codes
No fine line, don't have to be dead right
Cause dead right can go wrong We could be friends
We could be friends
Put your head on my shoulders I'm Francis
Still dreamin' of a glory
Of somethin' new
I can't remember what it's like
To never wanna let go
It's all good though
We could be friends
We could be friends
Just put your head on my shoulders
I will straighten out, for you
Don't wanna know if you made mistakes
I'm still waiting on your sunshine Ooh, LA
I guess you gotta chase that ghost
Heard you bought some land in Mexico
And I said, "Way to go, man"
Cause wherever you may roam
Remember who you know
There's a station playin' rock and roll
So stay tuned in mi amor
Stay tuned in
I will turn around for you
I will straighten up for your girl
Just put your hand on my shoulder
We could be friends, for you
We could be friends, for you
I will make this promise to you
After all these promises
I'm looking at you now
Still looking for you, still waiting for you
I told you, I'm sorry...
I was waiting on a different story
Still waiting on your sunshine
What I tell you
Still waiting on your sunshine
