

Emoji (Yves V Remix)

Galantis

[Verse 1]

Night was young, we were growing up
Yeah, I know but I don't know enough
Now it's late, just got back from work
You don't have to put it into words [Chorus]

Ooh wee

Send me an emoji, let me know how you feel

Ooh wee

Send me an emoji, -ji, -ji (hey)

Ooh wee

Send me an emoji, let me know how you feel

Ooh wee

Send me an emoji, -ji, -ji (hey)

[Post-Chorus]

Ooh wee

Ooh wee

Send me an emoji, -ji, -ji [Backwards]

Left your weed in my vanity

Only hit it when it's hard to sleep [Verse 2]

One more glass of tequila poured

If you were here we'd have a couple more

Souvenirs you left in my draw

Got them Princess Leia braids you wore

Left your weed in my vanity

Only hit it when it's hard to sleep

[Chorus]

Ooh wee

Send me an emoji, let me know how you feel

Ooh wee

Send me an emoji, -ji, -ji (hey)

Ooh wee

Send me an emoji, let me know how you feel

Ooh wee

Send me an emoji, -ji, -ji (hey) [Post-Chorus]

Ooh wee

Ooh wee

Send me an emoji, let me know how you feel
