

# Black Girlfriend

## [Porno for Pyros](#)

Ever since the riots  
All I really wanted  
Was a black girlfriend  
They don't play around  
They're hard enough  
To keep any man in line  
Thinking of my pale white skin  
Thinking of her dark and smooth  
She against me  
(My black girlfriend) My black girlfriend  
Black girlfriend  
Saw her on the corner  
Where she lived, I asked her  
Can you braid my hair?  
She and her girlfriends  
Laughed at me, said that  
It was easy but it'll cost you some  
Looking out her window  
It's so exciting and foreign  
But I'm staying  
With my black girlfriend  
Drivin' thru the 'hood  
In my Chevy Nova '62  
My arm around my  
Little black girl  
People on the corner  
Looking in my car  
Wanna do me  
But I won't give back  
My little black girl  
Do you wanna come on in?  
Do you wanna eat some?  
Meet my family?  
My black girlfriend  
My black girlfriendEver since the riots  
All I really wanted  
Was a black girlfriend
