

# The Dark Side

## Muse

[Verse 1]

I have lived in darkness  
For all my life, I've been pursued  
You'd be afraid if you could feel my pain  
And if you could see the things I am able to see[Chorus]  
Break me out, break me out  
Let me flee  
Break me out, break me out  
Set me free

[Verse 2]

I hail from the dark side  
For all my life, I've been besieged  
You'd be scared living with my despair  
And if you could feel the things I am able to feel[Chorus]  
Break me out, break me out  
Let me flee  
Break me out, break me out  
Set me free

[Outro]

Break me out, break me out  
Let me flee  
Break me out, break me out  
Set me free  
Save me from the dark side  
Break me out, break me out  
Set me free
