

Prisoner of Your Eyes

Judas Priest

When I saw your face
I became a prisoner of your eyes
And I would do just anything
To stay and be with you You know there are times
When I let myself wonder
As I was going under
You pulled me back to earth Don't you hear me crying?
Take me in your arms again
Tell me that you're trying
Or is our love a lie?
Love is blind and love deceives you
You came along and captured me
Now I'm a prisoner of your eyes
Trapped in time, I cannot leave you
I'm just a prisoner of your eyes As each day goes by
I've given up completely
I've locked myself inside your heart
And thrown away the key Only time will tell
If I can live without you
Can you see into the future
Will you ever set me free? Don't you hear me crying?
Take me in your arms again
Tell me that you're trying
Or is our love a lie?
Love is blind and love deceives you
You came along and captured me
Now I'm a prisoner of your eyes
Trapped in time, I cannot leave you
I'm just a prisoner of your eyes In this heartache
We can try and start again
Stop the heartbreak
A little time will help to kill the pain Don't you hear me crying?
Take me in your arms again
Tell me that you're trying
Or is our love a lie? Love is blind and love deceives you
You came along and captured me
Now I'm a prisoner of your eyes
Trapped in time, I cannot leave you
I'm just a prisoner of your eyes
Love is blind and love deceives you
You came along and captured me
Now I'm a prisoner of your eyes

Trapped in time, I cannot leave you
I'm just a prisoner of your eyes
Love is blind and love deceives you
You came along and captured me
Now I'm a prisoner of your eyes
Trapped in time, I cannot leave you
I'm just a prisoner of your eyes
