

# Prisoner of Your Eyes

## Judas Priest

When I saw your face  
I became a prisoner of your eyes  
And I would do just anything  
To stay and be with you You know there are times  
When I let myself wonder  
As I was going under  
You pulled me back to earth Don't you hear me crying?  
Take me in your arms again  
Tell me that you're trying  
Or is our love a lie?  
Love is blind and love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes  
Trapped in time, I cannot leave you  
I'm just a prisoner of your eyes As each day goes by  
I've given up completely  
I've locked myself inside your heart  
And thrown away the key Only time will tell  
If I can live without you  
Can you see into the future  
Will you ever set me free? Don't you hear me crying?  
Take me in your arms again  
Tell me that you're trying  
Or is our love a lie?  
Love is blind and love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes  
Trapped in time, I cannot leave you  
I'm just a prisoner of your eyes In this heartache  
We can try and start again  
Stop the heartbreak  
A little time will help to kill the pain Don't you hear me crying?  
Take me in your arms again  
Tell me that you're trying  
Or is our love a lie? Love is blind and love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes  
Trapped in time, I cannot leave you  
I'm just a prisoner of your eyes  
Love is blind and love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes

Trapped in time, I cannot leave you  
I'm just a prisoner of your eyes  
Love is blind and love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes  
Trapped in time, I cannot leave you  
I'm just a prisoner of your eyes
