

# I Heard You Got Too Litt Last Night

## SAINT JHN

[Chorus]

I heard you got too litt last night  
Didn't make it home  
Mixin' purple with your purple sprite  
Things you should've know  
I heard you flexin' on em' yeah  
You wanna' mix it up  
But fuck it baby no regret  
And never switch it up[Verse 1]  
Too Turnt

Last night you showed me all that ratchet shit that you learned  
I showed her how to treat a Lambo like an uber  
Dancing naked on a table that's the true her  
It was a vibe if you wanna know

[Chorus]

I heard you got too litt last night  
Didn't make it home  
Mixin' purple with your purple sprite  
Girl you think you grown  
I heard you saucin' on em' yeah  
You said you sick of love  
But fuck it baby no regret  
And never switch it up[Verse 2]  
Okay

One pill had her looking like Naomi  
And 2 pills, had her looking like my soulmate  
Me and 3 bad bitches call it foreplay  
It's just a vibe if you wanna' know

[Chorus]

I heard you got too litt last night  
Didn't make it home  
Mixin' purple with your purple sprite  
Things you should've know  
I heard you saucin' on em' yeah  
You said you sick of love  
But fuck it baby no regret  
And never switch it up[Verse 3]

I know

I know tonight you're getting higher than your high hopes  
Last night was only you and I on your iPhone  
So promise you won't tell nobody, baby I won't  
It's just a vibe if you wanna' know

Pullin' up like this  
Flexin' on my wrist  
Last night I did way too litt, I forget  
Panties on my dash, pictures with no flash  
This life too fast, take me back, take me back[Chorus]  
I heard you got too litt last night  
Didn't make it home  
Mixin' purple with your purple sprite  
Things you should've know  
I heard you flexin' on em' yeah  
You wanna' mix it up  
But fuck it baby no regret  
And never switch it up
