## Cocteau Twins

Who've been wounded  
Who should wound her  
Heart on the grasp  
Who but who put on the heart  
He, and me, along said we, but burn  
He, and me, along said we, but burn  
He, and me, along said we, but burn  
Hounded by the mask, but then... Wounded on the grasp  
Wounded on the grasp  
Wounded on the grasp  
Wounded on the grasp  
Wounded on the grasp  
Wounded on the grasp
