

Come Back To Me (feat. Tove Lo)

Urban Cone

On the subway home
I lost you in a fever
When did we grow old
Million things we done
We never stopped at nothing
When did we grow old Come, come
Come back to me
Come back to me again
Come, come Come back to me
Come back to me again
When you gonna
Come, come
Come back to me
Come back to me again
Come, come
Come back to me
Come back to me again I've been yours for years
And now were back at nothing
When did we grow old
A million ways that I And only I know you
When did we grow old
When you gonna
Come, come
Come back to me
Come back to me again Come, come
Come back to me
Come back to me again
Please, won't you take me home?
I don't wanna let you go Please, wont you take me home?
I don't wanna let you go
When you gonna
Come, come Come back to me
Come back to me again
When you gonna Come, come
Come back to me
Come back to me again
When you gonna
Come, come
Come back to me
Come back to me again
When you gonna
Come, come

Come back to me
Come back to me again
