

# Come Back To Me (feat. Tove Lo)

## Urban Cone

On the subway home  
I lost you in a fever  
When did we grow old  
Million things we done  
We never stopped at nothing  
When did we grow old  
Come, come  
Come back to me  
Come back to me again  
Come, come  
Come back to me  
Come back to me again  
When you gonna  
Come, come  
Come back to me  
Come back to me again  
Come, come  
Come back to me  
Come back to me again  
I've been yours for years  
And now were back at nothing  
When did we grow old  
A million ways that I  
And only I know you  
When did we grow old  
When you gonna  
Come, come  
Come back to me  
Come back to me again  
Come, come  
Come back to me  
Come back to me again  
Please, won't you take me home?  
I don't wanna let you go  
Please, wont you take me home?  
I don't wanna let you go  
When you gonna  
Come, come  
Come back to me  
Come back to me again  
When you gonna  
Come, come  
Come back to me  
Come back to me again  
When you gonna  
Come, come  
Come back to me  
Come back to me again  
When you gonna  
Come, come

Come back to me  
Come back to me again
