## BRONCHO

Donnie got caught  
Trying to make it to the end at the most  
Oh no, oh  
Fuzzy picture, now picture this  
I'm so strong, so strong  
I don't know Little bunny come and tell me more  
You're too???

I can see it with my eyes closed  
And it's easy for???

Stand between, still in my escape all alone  
Oh no, oh  
You're a tough chick, making me trip  
I am off, so off  
Off the love Tell me Alice when you tell me  
You're too???

I can see it with my eyes closed  
And it's easy for???

When I'm holding on  
I got so many things behind there  
Making trips and shapes and I don't care  
Little bunny come and tell me more  
It's easy for them to do it on  
It's easy for them to do it on  
I keep watching with my eyes closed  
It's easy for them to do it on  
It's easy for them to do it on  
I keep watching with my eyes closed  
It's easy for them to do it on  
It's easy for them to do it on  
I keep watching with my eyes closed  
It's easy for them to do it on
