

Someday

John Legend

As days go by
And fade to nights
I still question
Why you left
I wonder how
It didn't work out
But now you're gone
And memories
All I have for now
But no it's not over
We'll get older
We'll get over
We'll live
To see the day
That I hope for
Come back to me
I still believe that
We'll get it right again
We'll come back
To life again
We won't say
Another goodbye again
You'll live
Forever with me
Someday, someday
We'll be together
Someday, someday
We'll be together
I heard someday
Might be today
Mysteries of destinies
They are somehow
And are someday
For all we know
They come tomorrow
For today
My eyes are open
My arms are raised
For your embrace
My hands
Are here to mend
What is broken
To feel again
To walk on the face
I believe there
Is more to life
Oh, I love you
Much more
Than life

And stillI believe
I can change your mind
Revive
What is dying inside
And someday, somedayWe'll be together
Someday, someday
We'll be together
Someday, someday
We'll be together
We'll be together
We'll be together
Someday
