

# Keep You Much Longer

Akon

Wish I could keep you much longer  
I know you gotta go 'cause you got things to do  
Wish I could keep you much longer  
Now you too busy for me girl, like I was to you  
Wish I could stop by and maybe say hi  
Wish I could just stop by and lay by your side  
Wish I could just stop by and maybe say hi  
Wish I could just stop by and lay by your side  
The tables have turned and I've finally learned  
That this is makin' up for every day I was gone  
And that's why I'm concerned but now it's confirmed  
That you spread your wings and learned to fly but all alone  
Darkness in the night, I'll find that light for you  
As long as I got eyes, I'll have a sight for you  
Long as I'm alive baby, I'd die for you, wanna be with you  
Wish I could keep you much longer  
I know you gotta go 'cause you got things to do  
Wish I could keep you much longer  
Now you too busy for me girl, like I was to you  
Wish I could stop by and maybe say hi  
Wish I could just stop by and lay by your side  
Wish I could just stop by and maybe say hi  
Wish I could just stop by and lay by your side  
You're always on my mind, while I'm racin',  
while I'm paper chasin'  
You were there when I said one day I'd get up out that basement  
Playin' as my agent, for you there's no replacement  
You will always be my girl, they can hold me on that statement  
Darkness in the night, I'll find that light for you  
As long as I got eyes, I'll have a sight for you  
Long as I'm alive baby, I'd die for you, wanna be with you  
Wish I could keep you much longer  
I know you gotta go 'cause you got things to do  
Wish I could keep you much longer  
Now you too busy for me girl, like I was to you  
Wish I could stop by and maybe say hi  
Wish I could just stop by and lay by your side  
Wish I could just stop by and maybe say hi  
Wish I could just stop by and lay by your side  
Baby, I know you and how we do  
Doin' exactly what I taught you  
Gotta get that money first before you  
Come spend that precious time with your boo  
And know I gotta just take it  
Even though it's drivin' me crazy  
Always wanted to see my girl make it  
Wish I could keep you much longer  
I know you gotta go 'cause you got things to do  
Wish I could keep you much longer  
Now you too busy for me girl, like I was to you  
'Cause I wish I could stop by and maybe say hi

Wish I could just stop by and lay by your side  
Wish I could just stop by and maybe say hi  
Wish I could just stop by and lay by your side  
Wish I could keep you much longer  
I know you gotta go 'cause you got things to do  
Wish I could keep you much longer  
Now you too busy for me girl, like I was to you  
Wish I could stop by and maybe say hi  
Wish I could just stop by and lay by your side  
Wish I could just stop by and maybe say hi  
Wish I could just stop by and lay by your side  
I just wanna keep you longer  
I just wanna keep you longer
