

Make Love (feat. Keke Wyatt)

Faith Evans

Won't you come over cause I wanna make love
Baby just tell me if I'm doing too much
Tell me how you like it baby
Cause I really just wanna make love
You can just tell me if I'm doing too much I Just Wanna Make Love
Make Love
Make Love Oh
Listen pretty baby lemme tell you what I love about the way that you make me feel yeah
Ooo
Every day and every night you break it down, make it right
I'll say come on and touch me babe
Oooo
Won't you come over cause I wanna make love
Baby just tell me if I'm doing too much
Tell me how you like it baby
Cause I really just wanna make love
You can just tell me if I'm doing too much I Just Wanna Make Love (I wanna make)
Make Love (I wanna make)
Make Love (I wanna make love tonight) Now that you hear me baby, Come and lay me down in
daze
My sweet love, I can't get enough
Ooo
Every day of my life, You gotta love me right
Don't play with my heart I need you babe
oooo I only wanna make you happy baby
I wanna give it all to you
Anything you want from me my baby
There's nothing that I wouldn't do
Won't you come over cause I wanna make love
Baby just tell me if I'm doing too much
Tell me how you like it baby
Cause I really just wanna make love
You can just tell me if I'm doing too much I Just Wanna Make Love (I wanna make)
Make Love (I wanna make)
Make Love (I wanna make love tonight) We can do it again
Over again
Over again and again and again
Over again
Over again
Over again
Let Keke do it again
Do it again

Do it again and again
Let me do it
Over again
Over again
