

I Think of You (feat. Chris Brown & Big Sean)

Jeremih

I give you the best that you ever had
Give you one dose and got you addicted
I could own that, all night and all day
Say you on my plate, girl, you so delicious
Last night we had a good time gettin' faded
Wake up in the morn', you was gone
It been on my brain all day replayin'
Like we had it on record
I miss every minute
I take plenty chances
My love for you has been a damn mansion
More than you imagine
I want all of them kisses
Mistletoe before Christmas
If you ain't got it, don't get it
If he took your time, it's no limit
Baby, won't you give me something
That I wanna do
When I see the sun set
Yeah, I think of you
I think of you
You're all I want too
Left panties by my nightstand
Now I think of you
I think of you
Loving my baby, can you give to me the sweet talk?
Love's up and down, it's like living on a see-saw
Give me a favor, baby, why you blaming me for?
All I wanted was love, babe
Last time we had a real good time, we was naked
Bumping and making love
Got me with all these games you're playing
It's time for us to go
Don't care, I'm in it
