

YES (feat. 2 Chainz)

Louisa

2 Chainz Yeah whatever it is, you been thinking 'bout me

I ain't playing 'round no more

And I guess you found out that I ain't that innocent

Ah, but what you waiting for?

Hey girls, what's up?

She bad, hands up

Yo boys, nuh uh

Ease back, show love Feeling so hot, wear a little less

Got a little something I'ma get off my chest

Blame it on my body, got you obsessed

Do it all night, better give me respect

We're 20 deep up on this floor

We getting wild, yeah, we getting raw

No one can breathe, still want some more

If you a freak like me one time, lemme hear you say yes

Come on, put your hands up

Here with all my friends, yup

We about to get this started

(Yes)

If you know you can't stop and you know you won't stop

Take it to the after party

(Yes)

Now we getting all wet

Love it when I feel sweat dripping all over my body

(Yes)

(Yes)

Tryna get kicking so I brought my own phone
Real kamasutra, wearing Comme des Garçons
This a Hurricane Maria doing songs of reggaeton

Tattoos of bible verses on my arm
Yeah baby, you the bomb
Somebody ring the alarm Come on, put your hands up
Here with all my friends, yup
We about to get this started
If you know you can't stop and you know you won't stop
Take it to the after party
