He Can Only Hold Her

Amy Winehouse

He can only hold her for so long The lights are on but no one's home She's so vacant, her soul is taken He thinks what's she running from Now how can he have her heart When it got stole? So he tries to pacify her 'Cause what's inside her never diesEven if she's content in his warmth She is played with urgency Searching kisses, the man she misses The man that he longs to be Now how can he have her heart When it got stole? So he tries to pacify her 'Cause what's inside her never dies So he tries to pacify her 'Cause what's inside her, it never dies So he tries to pacify her 'Cause what's inside her never dies Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
