## Human

## **Pretenders**

I play a good game but not as good as you I can be a little cold but you can be so cruel I'm not made of brick, I'm not made of stone But I had you fooled enough to take me on If love was a war, it's you who has won While I was confessing it, you held your tongue Now the damage is doneWell there's blood in these veins And I cry when in pain I'm only human on the inside And if looks could deceive Make it hard to believe I'm only human on the inside I thought you'd come through, I thought you'd come clean You were the best thing I should never have seen But you go to extremes, you push me too far Then you keep going till you break my heart Yeah, you break my heartSee, I bleed and I bruise Oh, but what's it to you I'm only human on the inside And if looks could deceive Make it hard to believe I'm only human on the insideI crash and I burn Maybe some day you'll learn I'm only human on the inside I stumble and fall Baby, under it all I'm only human on the inside And the damage is doneWell there's blood in these veins And I cry when in pain I'm only human on the inside And if looks could deceive Make it hard to believe I'm only human on the insideI crash and I burn Maybe some day you'll learn I stumble and fall Baby, I do it all I'm only human on the inside
