

# Land of Dreams (with Los Lobos & Bebel Gilberto)

Rosanne Cash

I heard you calling from the start.  
A river runs through both our hearts.  
A thousand shades of something new.  
I cannot wait to play for you. So play your song to make them real.  
There's a place for all we feel.  
And it's closer than it seems.  
Come and find you land of dreams. Land of dreams, land of dreams.  
Come and find your land of dreams.  
And it's closer than it seems.  
Come and find your land of dreams.  
The world is smaller in our eyes.  
The city streets and moonlite skies.  
The shinning waves and evergreens.  
I will give you everything. You can hear the bells and strings.  
Just play until you make them ring.  
And it's closer then it seems.  
Come and find your land of dreams. Land of dreams, land of dreams.  
Come and find your land of dreams.  
And it's closer than it seems.  
Come and find your land of dreams.  
Land of dreams, land of dreams.  
Come and find your land of dreams.  
And it's closer than it seems.  
Come and find your land of dreams.
