

Won't Let You Down

Calum Scott

That love of your life
He's treating you wrong
You stand by his side
He lies all along It's the fairytale you want
But the glimmer in your eyes have gone
And now you're alone
I'll lend you my shoulder to cry on I won't let you down, this time around
I'll show you how, no matter how far
Don't care where you are
I won't let you down Thanks for the tears, the pain that you caused
And know you're just a memory
An old familiar melody, she's heard before, hm
It's a fairytale you ended
Done with you pretending you're the fool
Oh, you're the fool
And now she's alone
I'll give her my hand to hold on to I won't let you down, this time around
And I'll show you how, no matter how far
Don't care where you are
I won't let you down And I see, now my eyes are open
I'm not yours, tears have spoken
I can't take all that is broken
My feet on the ground I won't let you down, this time around
And I'll show you how, no matter how far
But I won't let you down, this time around
And I'll show you how, no matter how far
Don't care where you are
I won't let you down
