

# Dust in the Summer Rain (feat. Lilja Bloom)

[Parov Stelar](#)

This time you have to walk alone  
Don't call me, I blast my nasty phone  
I left the place that you go home  
I left the place that you go home  
Don't you know I died for you  
Like the dust in the summer rain Said you none  
Said you none Don't you know I died for you  
Like the dust in the summer rain Don't you know I cried for you  
Like a boy, like the fallen crane  
Don't you know I died for you  
Like the dust in the summer rain don't you know i fight for you  
like the flame? Said you none  
Said you none Don't you know I died for you  
Like the dust in the summer rain Don't you know I cried for you  
Like a boy, like a fallen crane Don't you know I died for you  
Like the dust in the summer rain Don't you know I cried for you  
Like a boy like a fallen crane Don't you know I died for you  
Like the dust in the summer rain  
don't you know i fight for you  
like the flame? Said you none Don't you know i died for you  
Like the dust in the summer rain
