

# Familiar Faces

## Incubus

Where'd my heroes go  
Did they change or did I  
Man it gets me, gets me every time  
The punch is spiked and I want to keep the lights on This place is so familiar  
Your face is so familiar  
This place is so  
Your face is so  
So familiar I miss them golden days  
When I could trust not fight  
Now it hits me right between the eyes  
Familiar faces rally around a light  
This place is so familiar  
Your face is so familiar  
This place is so  
Your face is so  
So familiar Here we go wild  
It's time for you to come out of hibernation  
Here we go wild  
It's time for you to come out of hibernation The world has gone wild  
It's time for us to come out of hibernation  
The world has gone wild  
It's time for us to come out of hibernation This place is so familiar  
Your face is so familiar  
This place is so  
Your face is so  
How many tries before we get it right  
Right  
Get it  
Right  
Get it
