## **Pieces**

## **Rob Thomas**

Run away, run away if you can't speak
Turn a page on the world that you don't need
Wide awake and you're scared that you won't come down, now...Didn't I tell you, you were
gonna break down?

Didn't I warn you? Didn't I warn you?

Better take it easy

Try to find a way out

Better start believing in yourselfWe build it up, we tear it down

We leave our pieces on the ground

We see no end, we don't know how

We are lost and we're fallenHold on to me, you're all I have

All I have

Hold on to me, you're all I have

All I have

Now and then there's a light in the darkness

Feel around 'til you find where your heart went

There's a weight in the air but you can't see why

Why...Didn't I tell you, you were gonna break down?

Didn't I want you? Everybody wants you

Tell me what you're needin'

Give in to your bleedin'

Never really feeling for yourselfWe build it up, we tear it down

We leave our pieces on the ground

We see no end, we don't know how

We are lost and we're fallenHold on to me, you're all I have

All I have

Hold on to me, you're all I have

All I have

Didn't I tell you, you were gonna break down?

Didn't I warn you? Didn't I warn you?

Better take it easy

Try to find a way out

Better start believing in yourselfWe build it up, we tear it down

We leave our pieces on the ground

We see no end, we don't know how

We are lost and we're fallen

Hold on to me, you're all I have

All I have

Hold on to me, you're all I have

All I have

Can you hold on to me?

Can you hold on to me?
