

# Metal

## Nine Inch Nails

We're in the building where they make us grow  
And I'm frightened by the liquid engineer  
Like you My mallory heart  
Is sure to fail  
I could crawl around the floor  
Just like I'm real  
Like you The sound of metal  
I want to be  
You  
I should learn to be man  
Like you  
Plug me in  
And turn me on  
Oh everything is moving here I need my treatment  
It's tomorrow they send me  
Singing "I am an American"  
Do you? Picture this  
If I should make the change  
I'd love to pull the wires from the wall!  
Did you?  
And who are you?  
And how can I try?  
Here inside I like the metal  
Don't you? All I know, is no one dies  
I'm still confusing love with need
