

# Les Sex

## Kylie Minogue

We could call it. Les love, les sex, les lo-oh-oh-oh,  
Les love, les sex, les lo-oh-oh-oh,  
Les love, les sex, les lo-oh-oh-oh (we could call it),  
Les love, les sex (we could it, call, call it). When we're in the dark anything is possible (yeah  
yeah oh),  
So dim the light, slip into something comfortable 'cause you never know. We could fall to  
pieces, we could fall in step,  
We could keep on teasing, we could mine the depths (oh),  
We could talk for hours or we could make it up,  
We could call it fleeting, we could call it. Les love, les sex, les drugs, les touch,  
We could call it fleeting, we could call it, we could call it,  
Les love, les sex, les hand on les leg,  
We could call it I don't care, we could call it love.  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could call it,  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could, we could call it,  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could call it,  
Les love (les lo), les sex (les lo),  
We could call it love. Take two of these and meet me in the shadows (yeah yeah oh).  
If love's a drug we're higher than stilettos but you never know. We could fall to pieces, we could  
fall in step,  
We could keep on teasing, we could mine the depths (oh),  
We could talk for hours or we could make it up,  
We could call it "fleeting", we could call it. Les love, les sex, les drugs, les touch,  
We could call it fleeting, we could call it, we could call it,  
Les love, les sex, les hand on les leg.  
We could call it I don't care, we could call it love.  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could call it,  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could, we could call it,  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could call it,  
Les love (les lo), les sex (les lo),  
We could call it love. Take two of these and meet me in the shadows.  
In the dark we don't say no, we say yes please.  
Take two of these and meet me in the shadows.  
We could call it love. Les love, les sex, les drugs, les touch,  
We could call it fleeting, we could call it, we could call it,  
Les love, les sex, les hand on les leg,

We could call it I don't care, we can call it love. Les love (les lo), les sex (les lo), les lo-oh-oh-  
oh,  
We could call it,  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could, we could call it,  
Les love (les lo), les sex (les lo), les lo-oh-oh-oh,  
We could call it,  
Les love (les lo), les sex (les lo),  
We could call it love.
