

Alexandra

Hamilton Leithauser

I don't think back
I don't need to
When I'm always
thinking of you
Alexandra Oh, my roots are
Always stronger
Dug deep and
hard as marble
Alexandra So I tuned out
All the voices
Telling me its
Time to swing again
Alexandra Oh there must be
some signal
Some green light
Left in your life
Will you whitewash
Your memory
When I call you
From a crazy sleep?
Alexandra Well I took a
happy hour
And I ran it
through your heart
Don't you lose me
to those blue skies
I still miss you
when we swing apart
Alexandra Yeah there must be
some signal
Someone lonely
Or a green light
Alexandra Alexandra
