

# Dangerous (Wideboys Radio Edit)

## Cascada

Don't know anything about you  
So close, just a touch away  
Your Love hits, me like no other They say I'm a true believer i know  
Something's taking over no I wanna run but i don't know how  
You just crossed my border now  
Just a kiss away Gimme a break, I'm melting away You're so Dangerous  
Or is it too late?  
Gotta know what's on your mind I'm out of control  
'Cause you want it all You're so dangerous  
My biggest mistake I'm blinded by your light Dangerous  
(I'm out of control)  
(Dangerous)  
Don't you push to the limit  
'Cause you know I'm  
hungry for your touch  
No doubt, I wanna be your lover  
(wanna be your lover)  
They say just a pretender i know  
Something's taking, over no  
I wanna run but i don't know how  
You've just crossed my broder now  
We're standing face to face  
Gimme a break, I'm melting away  
You're so Dangerous  
Or is it too late?  
Gotta know what's on your mind  
I'm out of control  
'Cause you want it all  
You're so dangerous  
My biggest mistake  
I'm blinded by your light Dangerous  
(Dangerous)  
I'm out of control  
'Cause you want it all  
You're so dangerous  
My biggest mistake  
I'm blinded by your light Dangerous
