

Everything I Do

Brian McKnight

Baby, no matter what I'm doin'
You know I'd rather be home with you
And honey, doin' all the things wit'cha
All the things that you like to do Like washin' your hair an' paintin' your nails
All the things that your ex-man wouldn't do
Baby, no I can't wait
Can't wait to get home to you That's why baby everything I do
You know, I do it for you
Everything I say, everything I say is true
We, we been together so long
All the crazy things that we been through
Baby, you know everything I do
I do them for you
You don't hear me though
I said, "Everything I do, I do them for you" Now baby, you know how it gets so difficult
To get out of bed with you
To go to my nine to five
It's the only place I feel alive wit'cha And to know, to know that you're somewhere waitin' for
me
I know that you're more than enough for me
I can't wait baby 'cause I know what you got for me That's why baby, everything I do, I do it for
you
And baby, every, every, everything I say
Every thing I say is true
We, we been together so long
All the crazy things that we been through
Baby, that's why, everything I do, I do them for you
Baby, that's why, everything I do, I do them for you What kind of fool would I be
If I didn't give my all to you and tell me
Where, where would I be if I couldn't lay next to you
But if I know that you're down for me Then I know everything is alright
And by the time I get home to you
I'm gonna lay a blockbuster on you tonight, tonight Baby, everything I do, I do it for you
Every thing I say, everything I say is true
We been together so long
The crazy things that we been through Baby, you know, everything I do, I do them for you
Look here, everything I do, I do them for you
One more time, everything I do, I do them for Just wait a minute
I said, "Just wait a minute"
Just wait till I, till I get a hold to it
I'm a lay, I'm a lay if I do it
