Firefly

Tony Bennett & Lady Gaga

I call her Firefly
Cause, oh, my
She radiates moonglow
Wants none of that noon glow
She starts to glitter

When the sun goes downBout eight p.m., it's mayhem She switches the brights up

Lights up and gives me a call

Take me to the Fireflies ballBut when I get her there

Set her there

Do I get to pet her there

And grab me some glow

No, she's a gad about, mad about

Luring every lad about

While leaving me moaning lowOh, Firefly, why can't I

Latch onto you no how

Oh, how I love you but gee

While you set the night on

Firefly, shine a little light on meBut when I get her there

Set her there

Do I get to pet her there

And grab me some glowNo, she's a gad about, mad about

Luring every lad about

While leaving me moaning low

Oh, Firefly, why can't I

Latch on for you no how

Oh, how I love you but gee

While you set the night on

Firefly, shine a little light on

Shine a little light on

Shine a little light on me

(in the mornin')
