

# Aye MuthaFucka

## TLC

I think it's funny  
How I could've been with anybody  
You caught me when I was on the coming-up  
To end up with you  
Ain't that some shit?  
Ain't that some shit? You want me goin' your way  
If it ain't goin' my way (goin' my way)  
Call yourself tryin' to play  
Boy, you gon' get caught all day  
Aye muthafucka!  
Oh, you wanna play  
Aye muthafucka!  
Oh, don't run away (run away)  
Givin' you no time a day  
I just turn and walk away, yeah  
Before you make me 38  
I just look at you and say  
Aye muthafucka! I just tell you things I want you to know, aye  
I cannot with you, I done done this before, aye  
I'ma say a prayer before, aren't you something I know  
Ain't worth it, especially over you The thing about it  
You trippin' and I could care less about it  
You dream my love until your time is up  
But you should've known  
It don't work that way, no!  
It don't work that way, no!  
You want me goin' your way  
If it ain't goin' my way (goin' my way)  
Call yourself tryin' to play  
Boy, you gon' get caught all day Aye muthafucka!  
Oh, you wanna play  
Aye muthafucka!  
Oh, don't run away (run away)  
Givin' you no time a day  
I just turn and walk away, yeah  
Before you make me 38  
I just look at you and say  
Aye muthafucka! I just tell you things I want you to know, aye  
I cannot with you, I done done this before, aye  
I'ma say a prayer before, aren't you something I know  
Ain't worth it, especially over you I've been fed up, I've been fed up  
I've been fed up with your and your ways

I've been fed up, I've been fed up  
I've been fed up Aye muthafucka!  
Oh, you wanna play  
Aye muthafucka!  
Oh, don't run away (run away)  
Givin' you no time a day  
I just turn and walk away, yeah  
Before you make me 38  
I just look at you and say  
Aye muthafucka! He's a muthafucka - muthafucka!  
He's a muthafucka - muthafucka!  
He's a muthafucka  
He's a muthafucka
