If It Wasn't for Bad

Elton John & Leon Russell

I knew from the first night I met you Something just wasn't quite right Looked like an innocent stranger But something was just out of sightHow could I know that you would use me Fill out some plan of your own I couldn't have known you'd abuse me Leave me here hurt and aloneIf it wasn't for you I'd be happy If it wasn't for lies you'd be true I know you could be just like you should If it wasn't for bad you'd be good I only saw what I wanted to see You were a dream in my mind I didn't know how you really could be It didn't take long for me to findI guess that it's my fault for seeing Only what I wanted to see I couldn't know you would be A player just acting for meIf it wasn't for you I'd be happy If it wasn't for lies you'd be true I know you could be just like you should If it wasn't for bad you'd be good I knew from the first night I met you Something just wasn't quite right Looked like an innocent stranger But something was just out of sight If it wasn't for you I'd be happy If it wasn't for lies you'd be true I know you could be just like you should If it wasn't for bad you'd be good Song Discussions is protected by U.S. Patent 9401941.
