

# Cigarette (feat. Tablo, MISO)

[offonoff](#)

Smoke up a glimpse of heaven  
Smoke up a glimpse of heaven I smoked packs till the night  
Sip on red wine I fall back  
Can't stop this attraction  
I can't see a thing Laying with you I feel like  
Moving clouds high in the sky  
It's been too long since I  
Realised you're real  
Two heart come together  
We were truly there  
I fall down then I fall down Puff of heaven  
I feel like I'm in a day dream  
I go up then I go up I could I could be there for you  
I could I could be the one to  
I'd be your cigarette I would I would be your light and  
I would I would  
shine you brighter  
Oh I wish I be your last  
Smoke up a glimpse of heaven Smoke up a glimpse of heaven  
She's got the dance floor  
hella lit Then  
she steps out for a cigarette  
and I've been prayin' all night  
that like God  
she gives life to my world with a  
Can I get a light  
Ignite a match  
She leans in to catch it  
We're the only spark in the dark  
like a chandelier with no  
ceiling but the sky  
As the smoke from her lips  
bleeds into the atmosphere  
No ashes here no dust  
This moment is forever  
Even though each puff will take  
us further from together  
She'll have me  
until the very last drag  
Come to think of it love is  
like a cigarette  
Burning at the tip of it

but quick to burn out  
Like a cigarette  
it may get you sick  
but you'll never get sick of it  
so light one up now  
I could I could be there for you I could I could be the one to  
I'd be your cigarette  
I would I would be your light and I would I would  
shine you brighter  
Oh I wish I be your last  
I want you addicted to me  
I was one of your cigarettes the smell  
of your pastel breathing  
just make me love you even more  
my love is on fire  
I could I could be there for you  
I could I could be the one to I would I would be your light and  
I would I would  
shine you brighter  
I could I could be there for you  
I could I could be the one to  
I'd be your cigarette  
I would I would be your light and  
I would I would  
shine you brighter  
Oh I wish I be your last  
I could I could be there for you  
I could I could be the one to  
I'd be your cigarette
