Knights of the Round

A Skylit Drive

"Breathe

Just breathe

What are you waiting for?"Incisions forced; blood runs

We're forced to believe it

Don't you see it?

You're being overthrown by ...We are the knights

Your nightmare arrives

I don't think you know I don't think you know

What has come for you

Follow the lights

They're burning so bright

I don't think you know I don't think you know

What has come "for you"

"Breathe

Just breathe

Won't you walk through the door"Focus on all your instincts

It brings you deeper to the meaning of what we've become

Show your heart of stoneWe are the knights

Your nightmare arrives

I don't think you know I don't think you know

What has come for you

Follow the lights

They're burning so bright

I don't think you know I don't think you know

What has come "for you"

We subside

Lost in your eyes

You burn so bright

We subside

Lost in your eyes

You burn so bright
