

# Like Nobody's Around

## Big Time Rush

Want you to cry  
'Cause you're laughing so hard tonight  
Playing air guitar alright  
We're being who we are even if they hate that  
Want you to shout  
At the top of your lungs about  
All our favorite songs so loud  
We'll be singing along even if they hate that  
Turn up the radio  
So what if we lose control  
Get a little bit rock and roll, oh whoa oh  
So throw your hands in the air  
Come on and make this count  
It's only you and me, never mind this crowd  
Do the way you do it  
Do it like nobody's around, whoa  
So put your hands in the air  
Come on and waste no time  
It doesn't really matter if it's wrong or right  
Do the way you do it  
Do it like nobody's around  
We can do it like nobody's around  
Don't hesitate  
Be as dumb as you like  
You may  
Miss the time of our lives  
So stay  
You're dancing under the lights  
Even if they hate that  
Turn up the radio  
So what if we lose control  
Get a little bit rock and roll, oh whoa oh  
So throw your hands in the air  
Come on and make this count  
It's only you and me, never mind this crowd  
Do the way you do it  
Do it like nobody's around, whoa  
So put your hands in the air  
Come on and waste no time  
It doesn't really matter if it's wrong or  
right  
Do the way you do it  
Do it like nobody's around  
We can do it like nobody's around  
Some day when you're alone  
And feeling whatever  
You're gonna remember  
The times  
When we were dancing alone  
And holding fake microphones  
I hope those memories can make you feel alright  
Turn up the radio  
So what if we lose control

Get a little bit rock and roll, oh oh oh  
So throw your hands in the air  
Come on and make this count (whoa whoa)It's only you and me, never mind this crowd  
Do the way you do itDo it like nobody's around, whoa  
So put your hands in the air  
Come on and waste no time  
It doesn't really matter if it's wrong or right  
Do the way you do it  
Do it like nobody's around  
We can do it like nobody's around  
Whoa oh oh oh  
We can do it like nobody's around  
Whoa oh oh oh  
We can do it like nobody's around  
Yeah yeah yeah  
Whoa oh oh oh  
Yeah yeah yeah  
We can do it like nobody's around  
Yeah yeah yeah  
Whoa oh oh oh  
We can do it like nobody's around
