

Right Here Right Now

Jesus Jones

A woman on the radio talked about revolution
when it's already passed her by
Bob Dylan didn't have this to sing about
you know it feels good to be alive I was alive and I waited, waited
I was alive and I waited for this Right here, right now
there is no other place I want to be
Right here, right now
watching the world wake up from history I saw the decade in, when it seemed
the world could change at the blink of an eye
And if anything
then there's your sign of the times I was alive and I waited, waited
I was alive and I waited for this Right here, right now I was alive and I waited, waited
I was alive and I waited for this
Right here, right now
there is no other place I want to be
Right here, right now
watching the world wake up from history
Right here, right now
there is no other place I want to be
Right here, right now
watching the world wake up from history
Right here, right now
there is no other place I want to be
Right here, right now
watching the world wake up from history
