

# Love's Got a Hold On Me

Chris de Burgh

I got a light shining over me  
I thought this could never be,  
It's so amazing what I feel  
'Cos love - love's got a hold on me; Up in the air walking down the street,  
Smile like a fool at everyone I meet,  
I wake in the night, I just can't sleep  
'Cos love - love's got a hold on me; Too many heartaches, too many tears,  
Too many women, too many years,  
But I've got me a girl, who takes me high,  
All the way to heaven day and night;  
Love is a dance with a different beat,  
And I can't stop my dancing feet,  
I'm as high as I can be  
'Cos love - love's got a hold on me; Too many heartaches, too many tears,  
Too many women, too many years,  
But I've got me a girl, who takes me high,  
All the way to heaven day and night;  
Love's got a hold, a hold on me,  
Love's got a hold, a hold on me,  
Love's got a hold, a hold on me, I said love - love's got a hold - love's got a hold -  
Love's got a hold on me...
