

# Defector

## Muse

Free, yeah I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free, yeah I'm free  
From society  
You can't control me  
I'm a defector You think you're strong  
And you can't be broken  
But you empire is dissolving  
You thought  
You thought I was weak  
But you got it wrong  
Look into my eyes, I'm a defector  
Free, yeah I'm free  
from your inciting  
You can't brainwash me  
You've got a problem  
Free, yeah I'm free  
From society  
You can't control me, I'm a defector Your blood is blue  
And your mind's turned green  
And your belly is all yellow  
You believe  
Your throne is too high  
To be overthrown  
We'll watch it get razed  
By a defector  
Free, yeah I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free, yeah I'm free  
From society  
You can't control me, I'm a defector I'm a defector Free, yeah I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free, yeah I'm free  
From society  
You can't control me, I'm a defector
