I'm a Mess

Ed Sheeran

Oh, I'm a mess right now Inside out

Searching for a sweet surrender

But this is not the endI can't work it out

How going through the motions

Going through usAnd oh I've known it for the longest time

And all of my hopes

All of my own words

Are all over written on the signs

But you're on my road

Walking me home, home, home, home

See the flames inside my eyes

It burns so bright I wanna feel your love, no

Easy baby maybe I'm a liar

But for tonight I wanna fall in love

And put your faith in my stomachI messed up this time

Late last night

Drinking to suppress devotion

With fingers intertwinedI can't shake this feeling now

We're going through the motions

Hoping you'd stopAnd oh I've only caused you pain

I know but all of my words will always below

Of all the love you spoke

When you're on my road

Walking me home, home, home, home

See the flames inside my eyes

It burns so bright I wanna feel your love, no

Easy, baby, maybe I'm a liar

But for tonight I wanna fall in love

And put your faith in my stomachAnd for how long I love my lover

For how long I love my lover and now, now

For how long, long I love my lover now, now

For how long, long I love my lover now, nowFor how long, long I love my lover now, now

(And I feel love)

For how long, long I love my lover now, now

(I feel it all over now, now and I feel love)

For how long, long I love my lover now, now

(I feel it all over now, now and I feel love)

For how long, long I love my lover now, now

(I feel it all over now, now and I feel love)

For how long, long I love my lover now, now

(I feel it all over now, now and I feel love)

For how long, long I love my lover now, now
(I feel it all over now, now and I feel love)
For how long I love my lover now, now
For how long, long I love my lover
