

# I'm In Need of Love

[Ace Frehley](#)

I need some love, so give me some  
You know I want some love, so turn me on  
Sometimes I feel so low, sometimes I feel I'm on top, you know  
Now girl I hate to start, 'cos then you gonna stop  
Chorus:  
I'm in need of love, I'm in need of love, I'm in need of love  
And I'm hopin' you're in need of me  
Now I want some love, so give me some  
You know I need some love, so turn me on  
It's just that devil in me that keeps on comin' thru - all the time  
When things start lookin' good, some things start lookin' blue  
Chorus  
Now I want some love, so  
give me some  
You know I need some love, so turn me on  
Things keep on turning 'round, when things should be sittin' straight  
- now turn around  
Girl it's not my fault, I guess it's just my fate - you know me  
'Cos all I want is love, so turn me on - you've got to  
And all I need is love, so give me some - just a little  
'Cos all I want is love, so turn me on - one more time  
All I need is love, so give me some - ooh yeah do it like that  
'Cos all I want is love, so turn me on - and on and on  
All I need is love... (to fade)
