Relight My Fire (feat. Lulu) [Element Remix]

Take That

Help me escape this feelin' of insecurity I need you so much but I don't think you really need me But if we all stand up in the name of love And state the case of what we're dreamin' of I've got to say I only dream of you But like a thief in the night you took away the love that I knewRelight my fire, your love is my only desire Relight my fire cos I need your loveTurn back the times 'til the days when our love was new Do you remember No matter what was happenin', I was there with you But if we all stand up for what we believe And maybe live within our possibilities The world would be wild for the dream So baby don't turn away, listen to what I gotta say Relight my fire, your love is my only desire Relight my fire cos I need your love Relight my fire, your love is my only desire Relight my fire cos I need your love, yeahYou gotta be sure enough to walk on through the night There's another new day on the other side Cos I got hope in my soul I keep on walkin' baby Relight my fire, your love is my only desire Relight my fire cos I need your love Relight my fire, your love is my only desire Relight my fire cos I need your love, yeah
