

# You're the Only One

Dolly Parton

I found out the hard way  
And I'm never gonna break your heart  
I know, too late  
And I don't want to break your heart  
Guess I had to go away just to find  
What I left behind You're the only one  
You're the only one  
Take me back  
To where we started from  
And let's make it now  
Like we made it then  
This ol' heart ain't gonna break your heart again  
Nights I lay in bed  
And your covers wouldn't warm my feet  
And morning found me  
Bitter or a bit too sweet  
Oh baby, I had to go away  
Just to run back and say You're the only one  
You're the only one  
Take me back  
To where we started from  
Can we make it now  
Like we made it then  
This ol' heart ain't gonna break your heart again  
You're the only one darlin'  
They'll never be anyone else but you  
I love you so much  
You are my love, you've become my life  
And I never meant to break your heart  
But, sometimes, you just got to go away  
To find what you left behind You're the only one  
You're the only one  
Take me back  
To where we started from  
Can we make it now  
Like we make it then?  
This ol' heart ain't gonna break your heart again You're the only one  
You're the only one  
You're the only one  
The only one  
So take me back  
To where we started from You're the only one

The only one  
You're the only one You 're the only one  
The only one  
Take me back  
To where we started from You're the only one  
The only one  
You're the only one  
You're the only one  
The only one
