

You're the Only One

Dolly Parton

I found out the hard way
And I'm never gonna break your heart
I know, too late
And I don't want to break your heart
Guess I had to go away just to find
What I left behind You're the only one
You're the only one
Take me back
To where we started from
And let's make it now
Like we made it then
This ol' heart ain't gonna break your heart again
Nights I lay in bed
And your covers wouldn't warm my feet
And morning found me
Bitter or a bit too sweet
Oh baby, I had to go away
Just to run back and say You're the only one
You're the only one
Take me back
To where we started from
Can we make it now
Like we made it then
This ol' heart ain't gonna break your heart again
You're the only one darlin'
They'll never be anyone else but you
I love you so much
You are my love, you've become my life
And I never meant to break your heart
But, sometimes, you just got to go away
To find what you left behind You're the only one
You're the only one
Take me back
To where we started from
Can we make it now
Like we make it then?
This ol' heart ain't gonna break your heart again You're the only one
You're the only one
You're the only one
The only one
So take me back
To where we started from You're the only one

The only one
You're the only one You 're the only one
The only one
Take me back
To where we started from You're the only one
The only one
You're the only one
You're the only one
The only one
