

# Technicolour Beat

## Oh Wonder

Lay down you're slow  
Come settle down, settle down  
Let loose your glow  
Come settle down, settle down And I feel life for the very first time  
Love in my arms and the sun in my eyes  
I feel safe in the 5 am light  
You carry my fears as the heavens set fire Jump into the heat  
Spinning on our feet  
In a technicolour beat  
You and me  
Caught up in a dream  
In a technicolour beat  
Beat  
Beat  
Beat Warm unalone  
Come settle down, settle down  
Swing me your bones  
Come settle down, settle down And I feel life for the very first time  
Love in my arms and the sun in my eyes  
I feel safe in the 5 am light  
You carry my fears as the heavens set fire Jump into the heat  
Spinning on our feet  
In a technicolour beat  
You and me  
Caught up in a dream  
In a technicolour beat  
Beat Give me one drop  
I can feel you  
Make me lose control  
We be walking  
On the water  
When we're moving on a technicolour beat  
Moving on a technicolour beat Jump into the heat  
(Falling off the ceiling)  
Spinning on our feet  
(We're moving)  
In a technicolour beat  
You and me  
(Found another feeling)  
Caught up in a dream  
In a technicolour beat  
Jump into the heat

Spinning on our feet  
In a technicolour beat  
You and me  
Caught up in a dream  
In a technicolour beat  
Beat  
Beat
