Kiiara - Numb (feat. DeathbyRomy & PVRIS)[Kiiara]

Now you got me 'cause I'm chained
Try so much my brain is going numb
More than I can take
Waiting here, I know it's far from lust
Way too f*cked to say
You're the one controlling both of us
Why you tryna play?
All the words you say it got me numb
All the words you say it got me numb
All the words you say it got me numb, numb
You show up when I'm all alone
When I'm stuck in this zone
When I'm falling in faster than I breathe
You show up, when I'm stuck in this zone
When I'm all alone
When I'm, when I'm, when I'm, when I'm
When I'm, when I'm, when I'm
You show up when I'm all alone
When I'm stuck in this zone
When I'm, when I'm, when I'm, when I'm[PVRIS]
Now you got me 'cause it's fame
I can see the way you changed
Feeling all the world and the weight
Never f*cked up as your fate
It's always just the way, way
Never too f*cked to say
I don't wanna watch you fall away
But these days
[Kiiara]
All the words you say it got me numb
All the words you say it got me numb
All the words you say it got me numb
All the words you say it got me numb, numb
You show up when I'm all alone
When I'm stuck in this zone
When I'm falling in faster than I breathe
You show up, when I'm stuck in this zone
When I'm all alone
When I'm, when I'm, when I'm, when I'm
When I'm, when I'm, when I'm
You show up when I'm all alone
When I'm stuck in this zone
When I'm, when I'm, when I'm, when I'm[DeathbyRomy]

All alone, I'm letting go
One day I might just go inside and cut the ropes
Ooh-ooh, ooh-ooh
I'm, I'm tired of the, tired of the fight
Got me so numb that I'm froze
I need someone I can hold
I'm so sick of feeling nothing
Body always scared of something
Got me so numb that I'm froze

[Kiiara]

You show up when I'm all alone
When I'm stuck in this zone
When I'm falling in faster than I breathe
You show, when I'm stuck in this zone
When I'm all alone
When I'm, when I'm, when I'm, when I'm
